

1 identify what is depicted in those photographs?

2 A This is the car like I saw in the parking lot that
3 I commented to my wife about.

4 Q Okay. And you have indicated earlier that you are
5 kind of familiar with this type of car because you had a
6 friend who had one; is that correct?

7 A Correct.

8 Q Is there anything different about the car that you
9 see in these photographs from the car that you saw on
10 July the 28th of 1999?

11 A Not that I can remember.

12 Q Okay. Can you tell us how many people were inside
13 the car?

14 A Two.

15 Q And can you describe those people to us?

16 A Young black males.

17 Q Are you able to give us any estimate about how old
18 you thought they were?

19 A They appeared to be probably early 20s.

20 Q Okay. And do you have any further description
21 that you can give us as to the two people that were
22 inside the car?

23 A One of the people in the car, I believe it was the
24 driver, had corn roles in their hair and I think one of
25 them had a white shirt, like a white T-shirt, maybe, on.
